### DETAILED ACTION

1. Claims 68-81 are pending. Applicant has cancelled claims 1-67 and 82-85. The previous rejection is withdrawn pursuant to Applicant's July 30, 2007 Amendment and REMARKS.

### *Claim Rejections - 35 USC § 103*

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 68-81 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hickman et al., US 7,143,148.

Hickman discloses, e.g. Figs. 1-19, a plurality of computers and servers to form an internetwork, a premium telephone number, e.g. 1-900 number, and a product, e.g. 156, 366, 368, an access key entry, e.g. 356, a password, e.g. 334, a common knowledge plug-in, e.g. 134, for Netscape software 132, and billing information, e.g. 26, 44, 268. Hickman does not disclose a program code for the plug-in. Official Notice that program code associated with premium telephone numbers has been common knowledge in the communications art. To have provided such for Hickman would have been obvious for one of ordinary skill in the art. The motivation for having provided such would have been to simplify the programming of the method/system of Hickman.

4. Further pertinent references of interest are noted on the attached PTO-892.
5. Applicant's March 29, 2007 Information Disclosure Statement (IDS) has been reviewed, in part. The four references not reviewed were, unfortunately, not located in either related applications 09/064,797 or 09/299,156. Only the "Sweetland" reference was contained in the 09/299,156 application. Note the attached IDS.
6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
